MR. B. L. WERTZ

His high ideals of character, scholarship, and service have had great influence on the many whose privilege it is to know him. He has inspired many to attain great goals and high purposes through his leadership, friendship, courage, and guidance. We take pride in dedicating the 1963 Chieftain to one whose life has meant so much to so many.

STUDENTS:

You are living in one of the most exciting eras of all time. Never has there been a time when such vast scientific progress has been made. In fact, there has been more scientific knowledge gained in your lifetime than all that gained previously.

Science is wonderful and exciting and many new advances are yet to come. However, the great problem facing us now and in the future is whether or not we can live in an accelerated, scientific world. This problem will be settled before you are middle-aged and before the normal span of my life should end. Failure to solve this problem in a satisfactory manner could mean near complete destruction of our world.

The really important issue is in the area of humanities. We need to find the ways in which we can live with each other and other peoples of the world. It is to this issue that I hope you will dedicate your efforts. Great new leadership is required to do this job of making our world a place where all nations may live in peace with each other. *Your life may depend on how and what you do.*

Francis Tuttle
Superintendent

TO EACH STUDENT IN AN OUTSTANDING SENIOR CLASS:

I want to congratulate each one of you seniors who have stayed in school, stuck to the educational job and arrived, after twelve years of schooling, to receive a diploma—a diploma that indicated that you have reached one very important milestone in your life's journey.

Yes, life IS a journey. It is not a home; it is a road. It is not a city of habitation; it is a highway. And the enjoyments and blessings you have along the way are but little inns on the roadside, where you may be refreshed for a moment, to renew your strength and press on to another milestone.

Arriving at each worthwhile accomplishment, big or small, has its stages of drudgery and triumph; a beginning, a struggle, and a victory. You have just finished one important struggle and victory—graduation. It cannot be revised or relived, but you can write a new chapter with each new day.

On this journey, I wish for each one, health, happiness, and success. I charge you to keep the "Spirit of Central High" on your agenda and to radiate it throughout your life. May the Good Lord Bless and Keep you, is the hope of all of your teachers.

Sincerely,

B. L. Wertz, Principal

Robbie,
you are a real swingin' old girl. We have had
a lot of fun together. (even though you are a
dumbard!) Remember the Christmas Party?
I was mad at Bill for not coming, but
I am glad he ^{drinks} did not. Because we would
not have had ^{enough} to go around! May
be he will forgive me but I'm glad he
didn't come. Wish New Years had been yesterday,
we could have lots of fun. Can't think of any
thing else to say. So be good
Big Mouth! And be a good math student.

Robbie,

If it hadn't been
for you at times I
don't think I would
have ever made
it through Algebra.

Robbie,
I have enjoyed
being your neighbor
in Steno! you are a
good (?) girl and I hope
we shall always remain
friends!
